CAREER OBJECTIVE

Looking for a career position where professional experience and expertise will be regarded as a wealth of an organization.

EDUCATIONAL QUALIFICATION

Degree/Grade	Institution	Score/Percentage
B. Tech - CSE	KLE Technological University - Hubli	8.7 CGPA [2022]
PUC - Science	Karnataka Science College - Dharwad	85.83% [2019]
Secondary - High School	Swamy Vivekananda Public School - Sriramangar	92.00% [2017]

KEY STRENGTHS

- Good communication skill and quick learner.
- Extremely productive in a high stress environment.
- Self-motivated.
- Highly organized, ambitious, hard working and target oriented.
- Ability to work independently and in a team, to meet deadlines.

PROJECTS

AUTOMATIC 3D Scene Composition(Vision Research)

- This is a collaborative project with SAMSUNG company.
- The Project was to build an application which automatically places the objects in the scene, by using the description provided by the user.
- The main bottleneck is to develop a semantic parser, support hierarchy and load the objects properly as described by the user.

KHANA KHAZANA(Web Development)

- The project was to build a website which involves cooking procedures of different recipes of different cuisines.
- In this project the backend was built using node(using SQL database) and the front end was built using Angular.

Console Chat Application(OOPS)

- The project was to build a chat application.
- Here designing the objects and classes and building a proper class diagram was a challenge.
- We have created different classes and derived relationships among them and used a database to store and fetch the data.

Soft Sensing Prediction(Data Mining and Analysis)

- The project was a contest hosted by SEAGATE - Big Data Challenge.
- The project was to analyze, process the given data and build an ML model. The problem is a binary classification problem.
- In this project there are several ML algorithms used for classification(logistic regression, decision tree, etc).

WeTune(Data Base)

- The project was to build a website like netflix/Amazon prime.
- The main task is designing a good schema with no redundancy and processing the available real time raw data collected from wikipedia and converting huge data into queries.
- In this project we used remote mysql to store and fetch the data of all the movies and songs.

IT SKILLS

- Languages - C, CPP, PYTHON.
- Problem solving, data structures, oops, algorithms.
- SQL, Machine learning.
- Angular, flask, node, react.

ACHIEVEMENTS

- Certified in Python by Google.
- Secured 4th rank in Seagate Big Data Challenge.
- Certified in Python by Michigan University.
- State level certificate in scouts and guides.
- Certified in Problem Solving (Intermediate) in hackerrank.

PERSONAL DETAILS

Date of Birth	: 18-11-2000
Father's Name	: Sriramulu P
Gender	: Male
Nationality	: Indian
Languages known	: English, Kannada, Telugu, Hindi.
Address	: Hebbal camp, Post: Hebbal, Tq: Gangavathi, Dist: Koppal, Pincode: 583268

DECLARATION:

I hereby declare that all the above information provided is true and best of my knowledge.

Date: 14-06-2022

Place: Hubballi
